meet the charity

Fraternity Without Borders is a charity registered in the UK caring for one of the poorest regions of the world: Mozambique. Since 2009 we have been feeding and supporting more than 9000 children, adults and elderly people in our 26 purpose-built community centres.

Our social programmes include the construction of wells in rural areas, provision of food, clean water, hygiene items and basic healthcare, construction of houses, after school and cultural activities as well as professional training for the youth.

A selection of photographs showcasing Fraternity without Borders' work will be exhibited from 20-29th March 2018 at the Brazilian Embassy in London. All funds raised through online auctions and donations will be invested in our social projects in Mozambique.

meet the photographers

Felipe Torres and Fernanda Calixto are amateur photographers from Brazil and sponsors of Fraternity without Borders. Their work presents a heart-warming portrait of the realities of Mozambique as well as a message of hope from the work in progress by Fraternity without Borders.

The showcase of their beautiful and very personal images is our homage to the hundreds of volunteers who travel to Africa in our humanitarian missions every year. Without them it would have been impossible to feed and support more than 9000 children, adults and elderly people.

A selection of Felipe and Fernanda's work will be on show at the photography exhibition in London. All photographs will be on sale in an online fundraising auction for Fraternity without Borders.
