ADD TEXT AND DELETE ALL THE REST

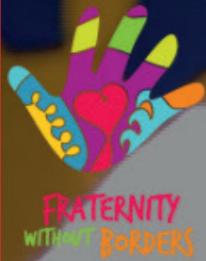

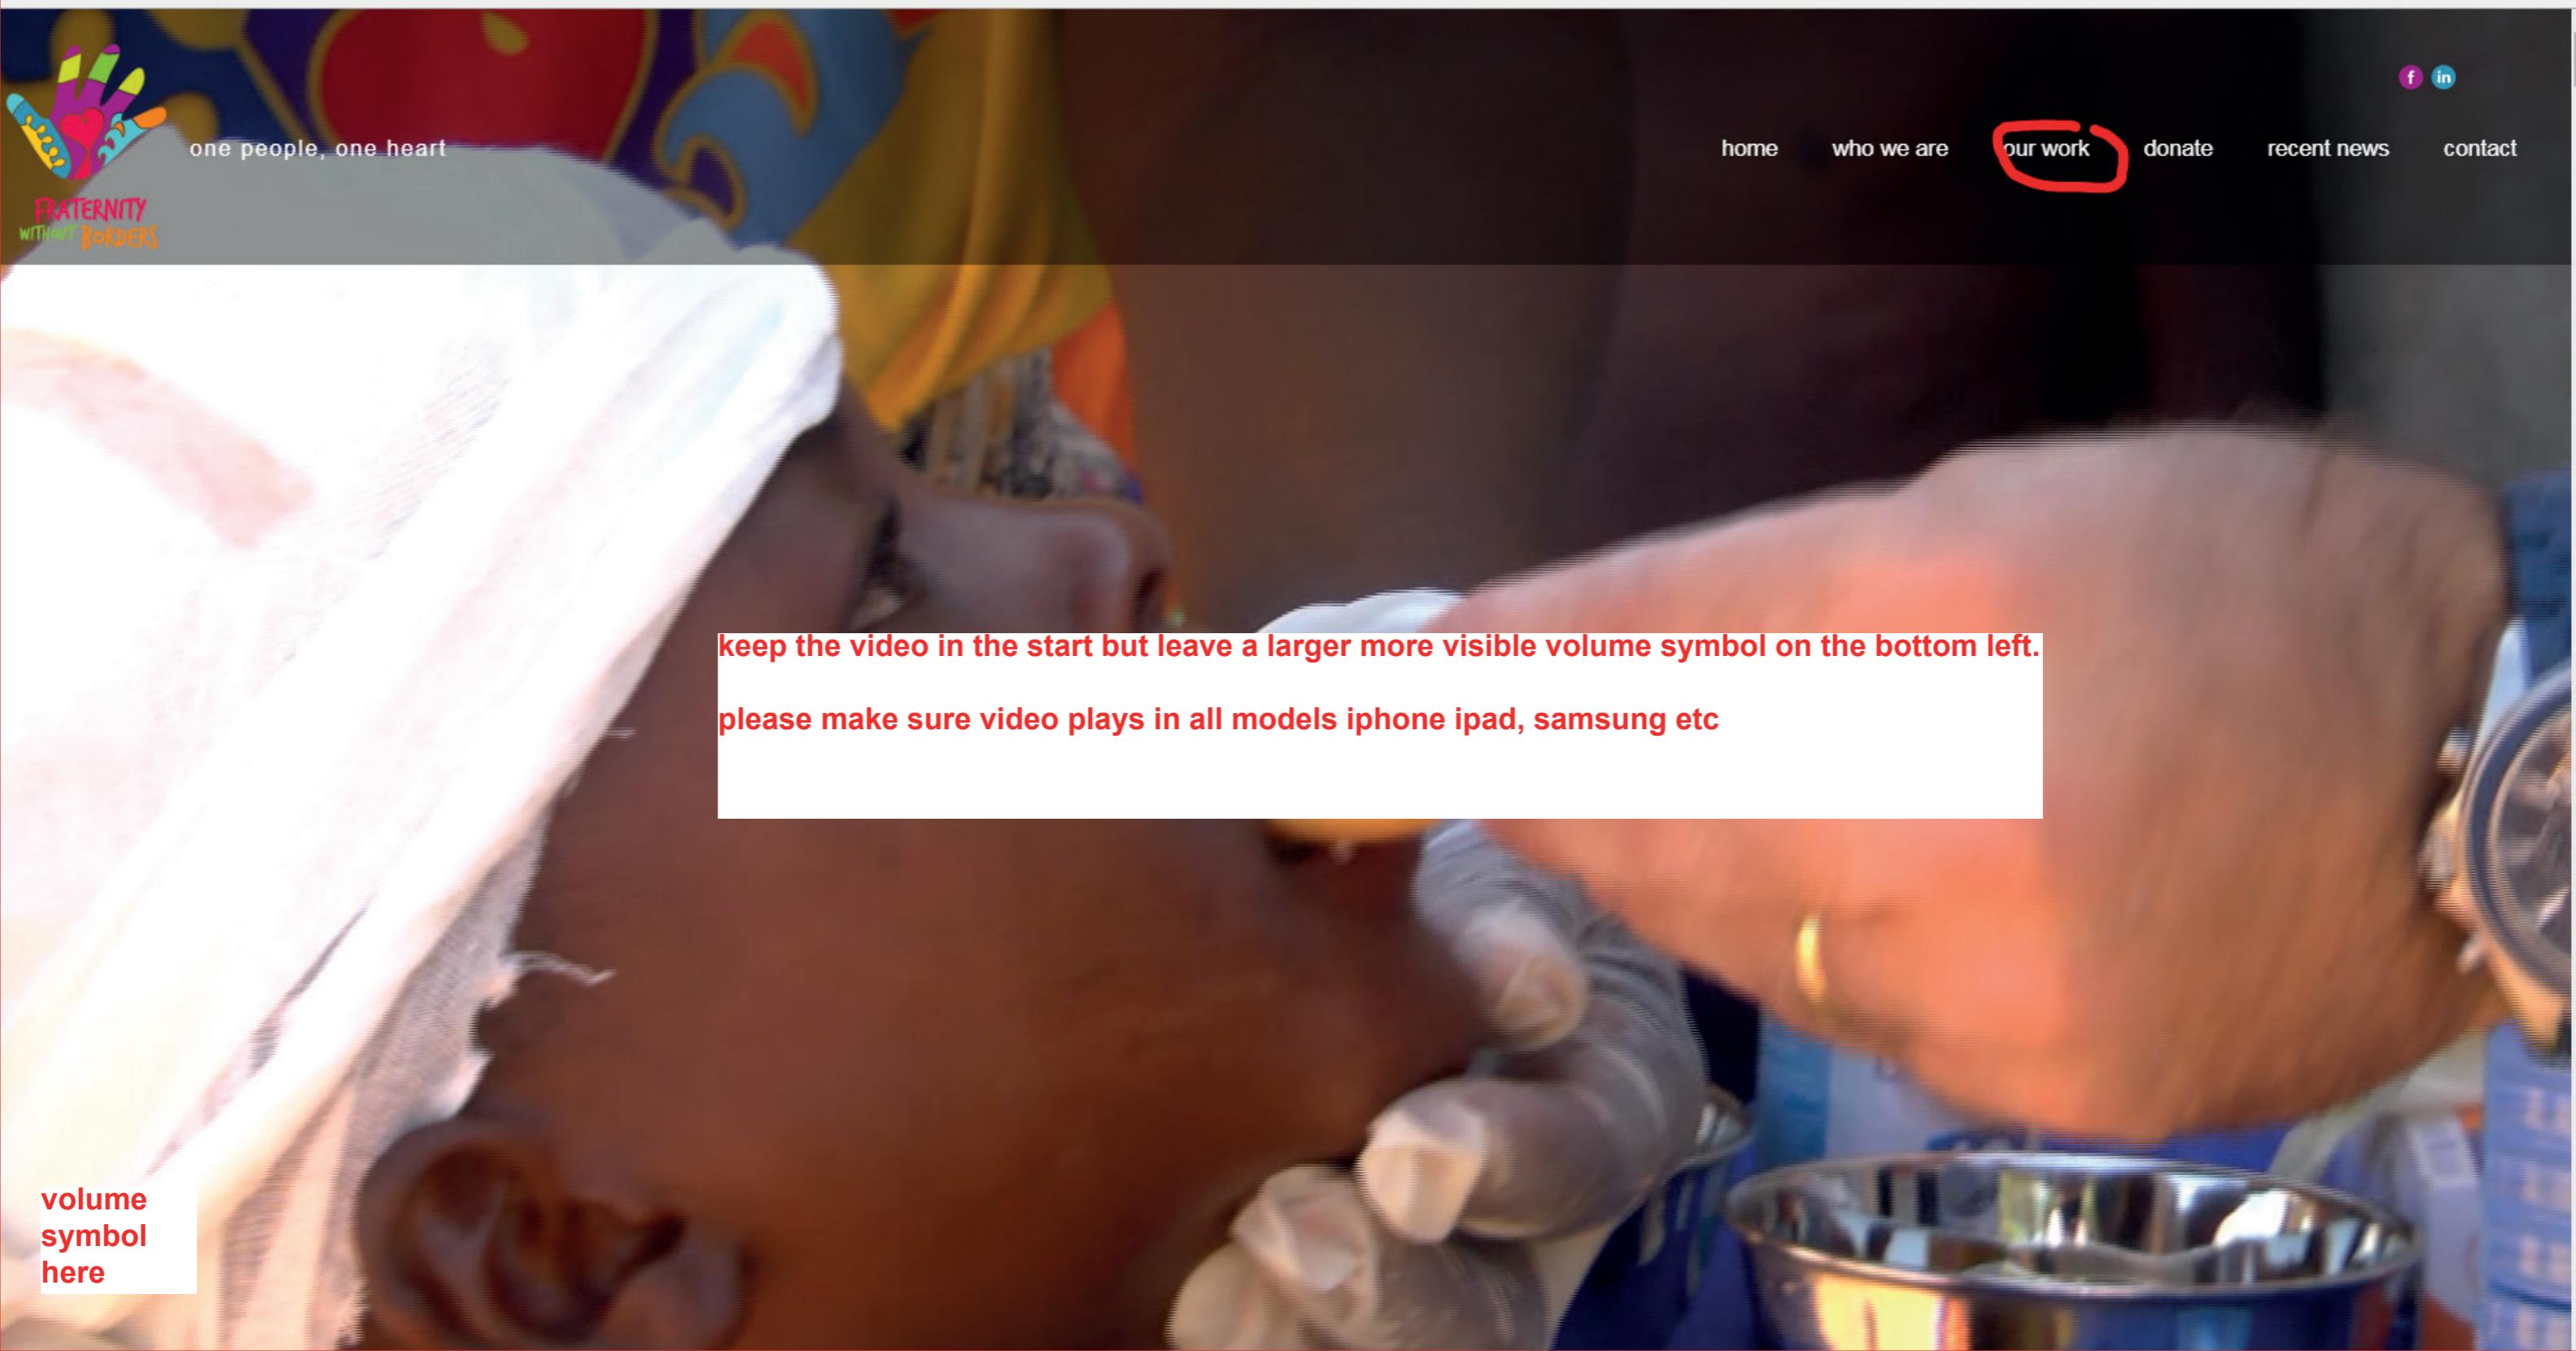

Since 2009 we have been providing food, education, cultural activities and basic healthcare to more than 9000 vulnerable children, adults and elderly in Mozambique in our 26 self-built community centres.

100% of donations are invested in our social programmes, covering the costs of:

- Food supplies and preparation
- Construction and maintenance of community centres
- Survey and construction of wells in rural areas
- Salary of local supervisors and employees
- Construction of new homes for the homeless
- Hygiene items
- Medicines
- School materials for children and teachers
- Basic equipment for cultural activities
- Equipment for vocational training such as computers, blackboards, chairs and desks

Thousands of children are losing their basic right to have education, decent food, entertainment and healthcare.

Our work is to assist orphans and vulnerable children, many of them with HIV. Since 2009, we have been providing food, education, cultural activities and basic healthcare to thousands of vulnerable children in Mozambique, one of the world's poorest countries where more than 70% of low-income families live in rural areas.

Fraternity Without Borders has few branches throughout the world, such as in the United States, Latin America, Germany, Spain, Portugal and now in the UK, where since 2013 we have been promoting several small events such as Dinner Parties, Lectures and Cultural Events.
